

Instead of pretending  
that you had a back  
Channel

Now you put yourself  
in the crosshairs of  
criminal charges

You could have just  
been honest and said  
u was exaggerating  
which was the truth

JAN 24, 2018 AT 11:48 PM

I'm sure he will pardon  
you before he's  
impeached

JAN 25, 2018 AT 12:00 AM

GOVERNMENT  
EXHIBIT  
EX 079

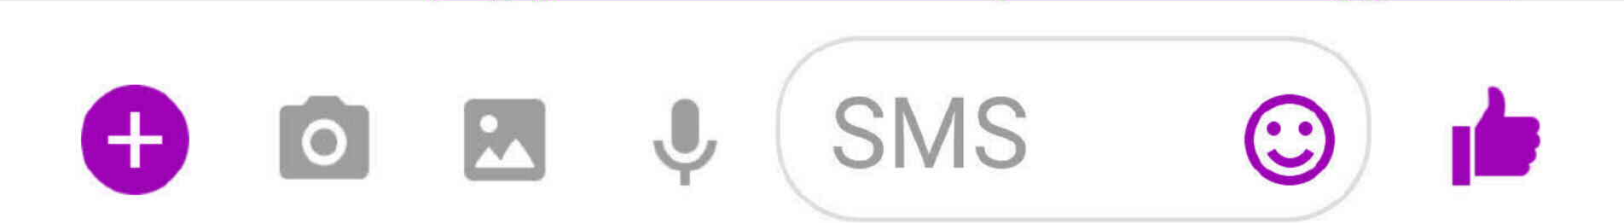

You should have just told the truth and said they had no back Channel

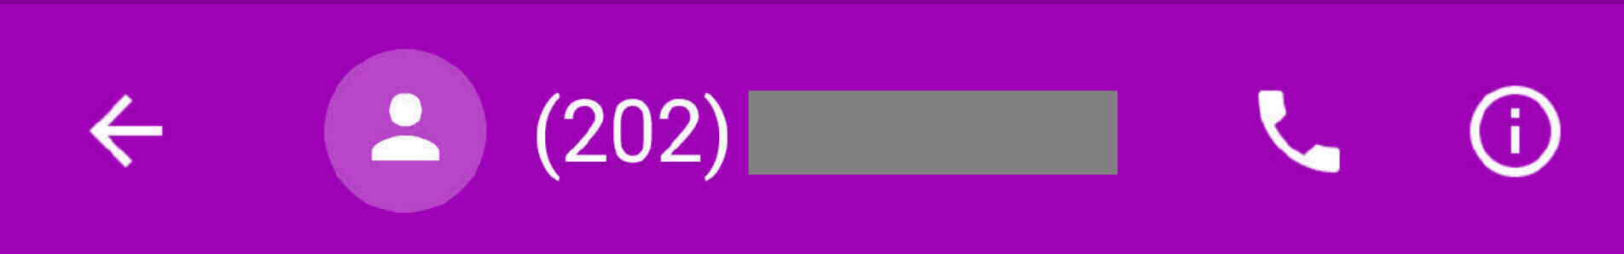

They all know you did not have one now

You should have just told the truth why did you have to lie

When you went before then the first time you could have just told him that you were lying or you were exaggerating and you would be clear

th... 16

would be clear

Now you set yourself up for perjury

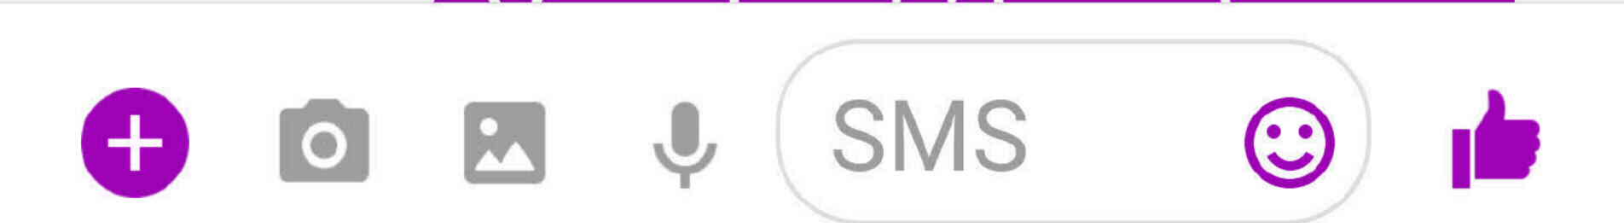

Stupid

JAN 27, 2018 AT 12:29 AM

I'm sorry if I fingered you today with forensic evidence that I was not your in between person with the Washington Post

They got 27 emails and text messages from you and you are in trouble

[REDACTED]

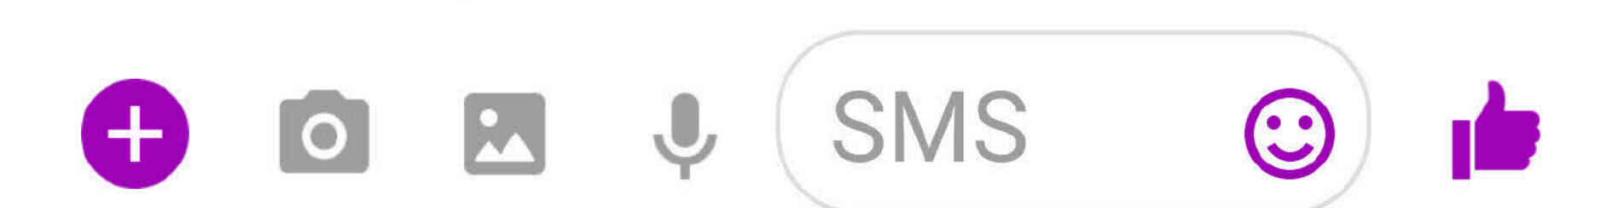

You should have been honest and said that you never had a in-between person

But I don't feel bad because you and your fellow crackhead speed-freak racist and chief president deserve this

You brought this on yourself you racist individual

Washington Post has 225 of my emails and text messages with you

you

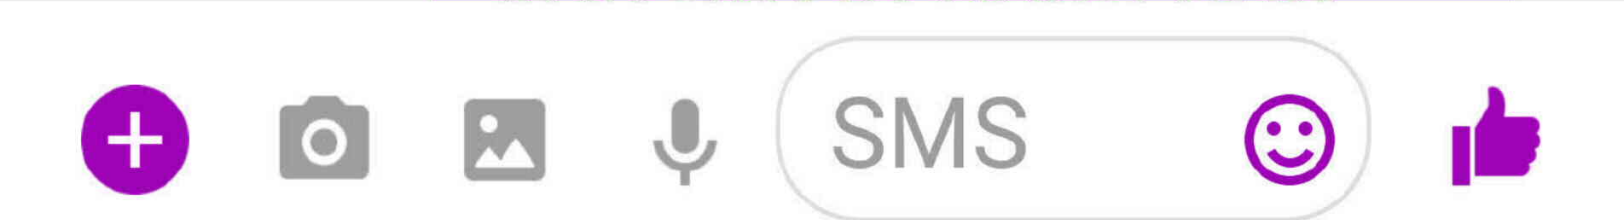

I was not your back  
Channel you fuck  
head

I'm sure your fellow  
small cock speed-  
freak friend with  
orange hair will give  
you a pardon

But I don't want to go  
to jail so I had to lay it  
off on the liar which is  
you

You you are in deep  
doo-doo because  
yourself 11 times

You are in deep doo

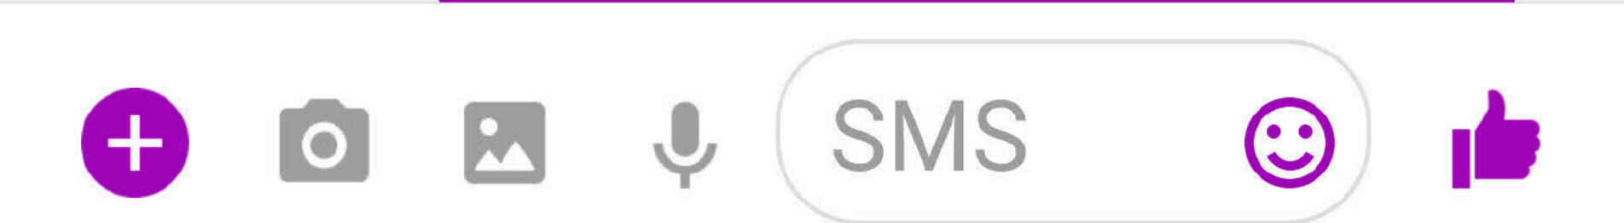

You are in deep doo-doo because you lied under oath

But I don't think there is a criminal penalty that Congress can pin on you

Try not to lie in front of the federal prosecutor because I've already told Mr Mueller the truth

Like you said to me why should I go to jail why should I go to jail for you and you are in a lot of trouble

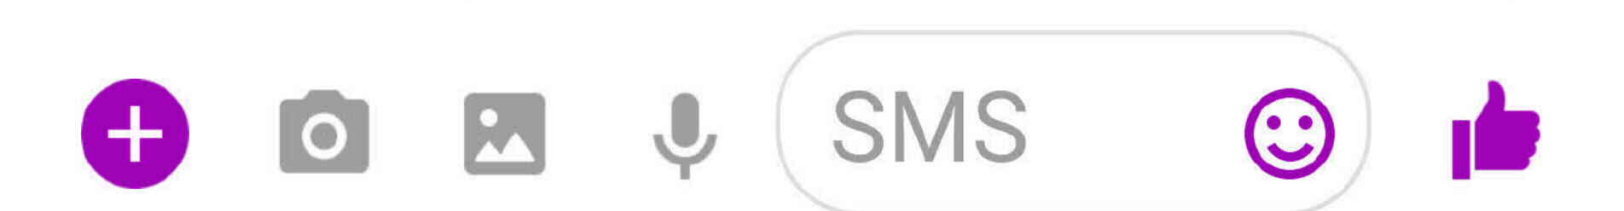

why should I go to jail  
for you and you are in  
a lot of trouble

You should just hold  
the truth when you  
appeared before the  
house until committee  
that you had no back-  
channel instead of  
being this tough guy

Everyone knows that  
you're full of shit

And I have proven it  
forensically within  
New York Times

And other  
Publications

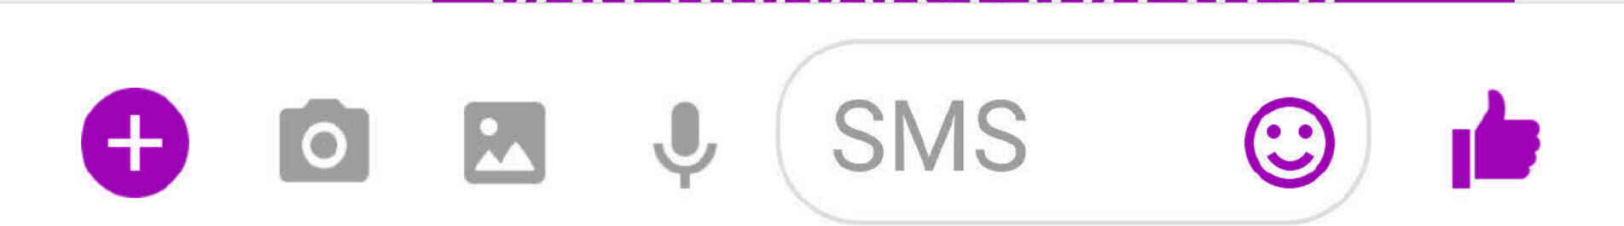

You lied in front of the house Intel committee and I can get you some time in prison

You should go back and correct your testimony before they cite you with contempt

You caught yourself in a huge lie

And you know you're a liar and I'm not being a past anymore champ you will understand that I am not your past anymore champ do you understand that

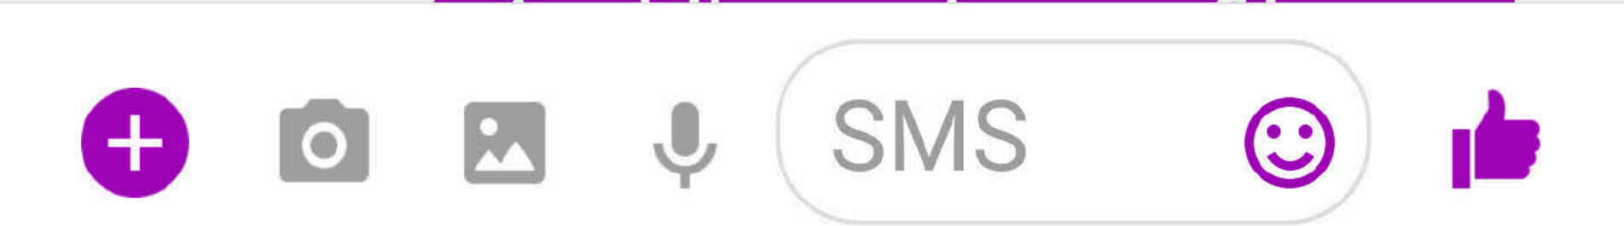

anymore champ do  
you understand that

The people Oxford I  
have already sent this  
information to so they  
know you are a  
compulsive liar as well

You are not going to  
capitalize on your lies  
trust me champ you  
are not going to  
capitalize on your lies  
trust me champ

You have a even  
chance of ending up  
with an indictment for  
your lies

[redacted]

And I'm going to file a  
defamation of  
character suit against  
you you fat ass piece  
of shit

JAN 27, 2018 AT 11:04 PM

MAR 5, 2018 AT 5:45 PM

Make a Deal

Because perjury is nothing you want to be associated with

I tried to warn you not to perjure yourself
